

## The dBzSHIELD® line of Shielded Flexible Conduits

are Modified Commercial Off The Shelf (COTS) solutions, offering flexible physical protection where cabling must be run through a challenging shielding environment. dBzSHIELD conduits terminate with cost-effective standard liquidtight conduit fittings.

**SBS® - Good Shielding** - Flexible Steel Core with Tinned-Copper Braid and extruded jacket (PVC or Polyurethane)

**IBC® - Better Shielding** - Flexible Bronze Core and extruded jacket (PVC or Polyurethane)

**BBS® - Best Shielding** - Flexible Bronze Core with Tinned-Copper Braid and extruded jacket (PVC or Polyurethane)

**Zero Ground®**
